Our Work   Our Tools   Get Involved   About ⌄   Blog   Donate
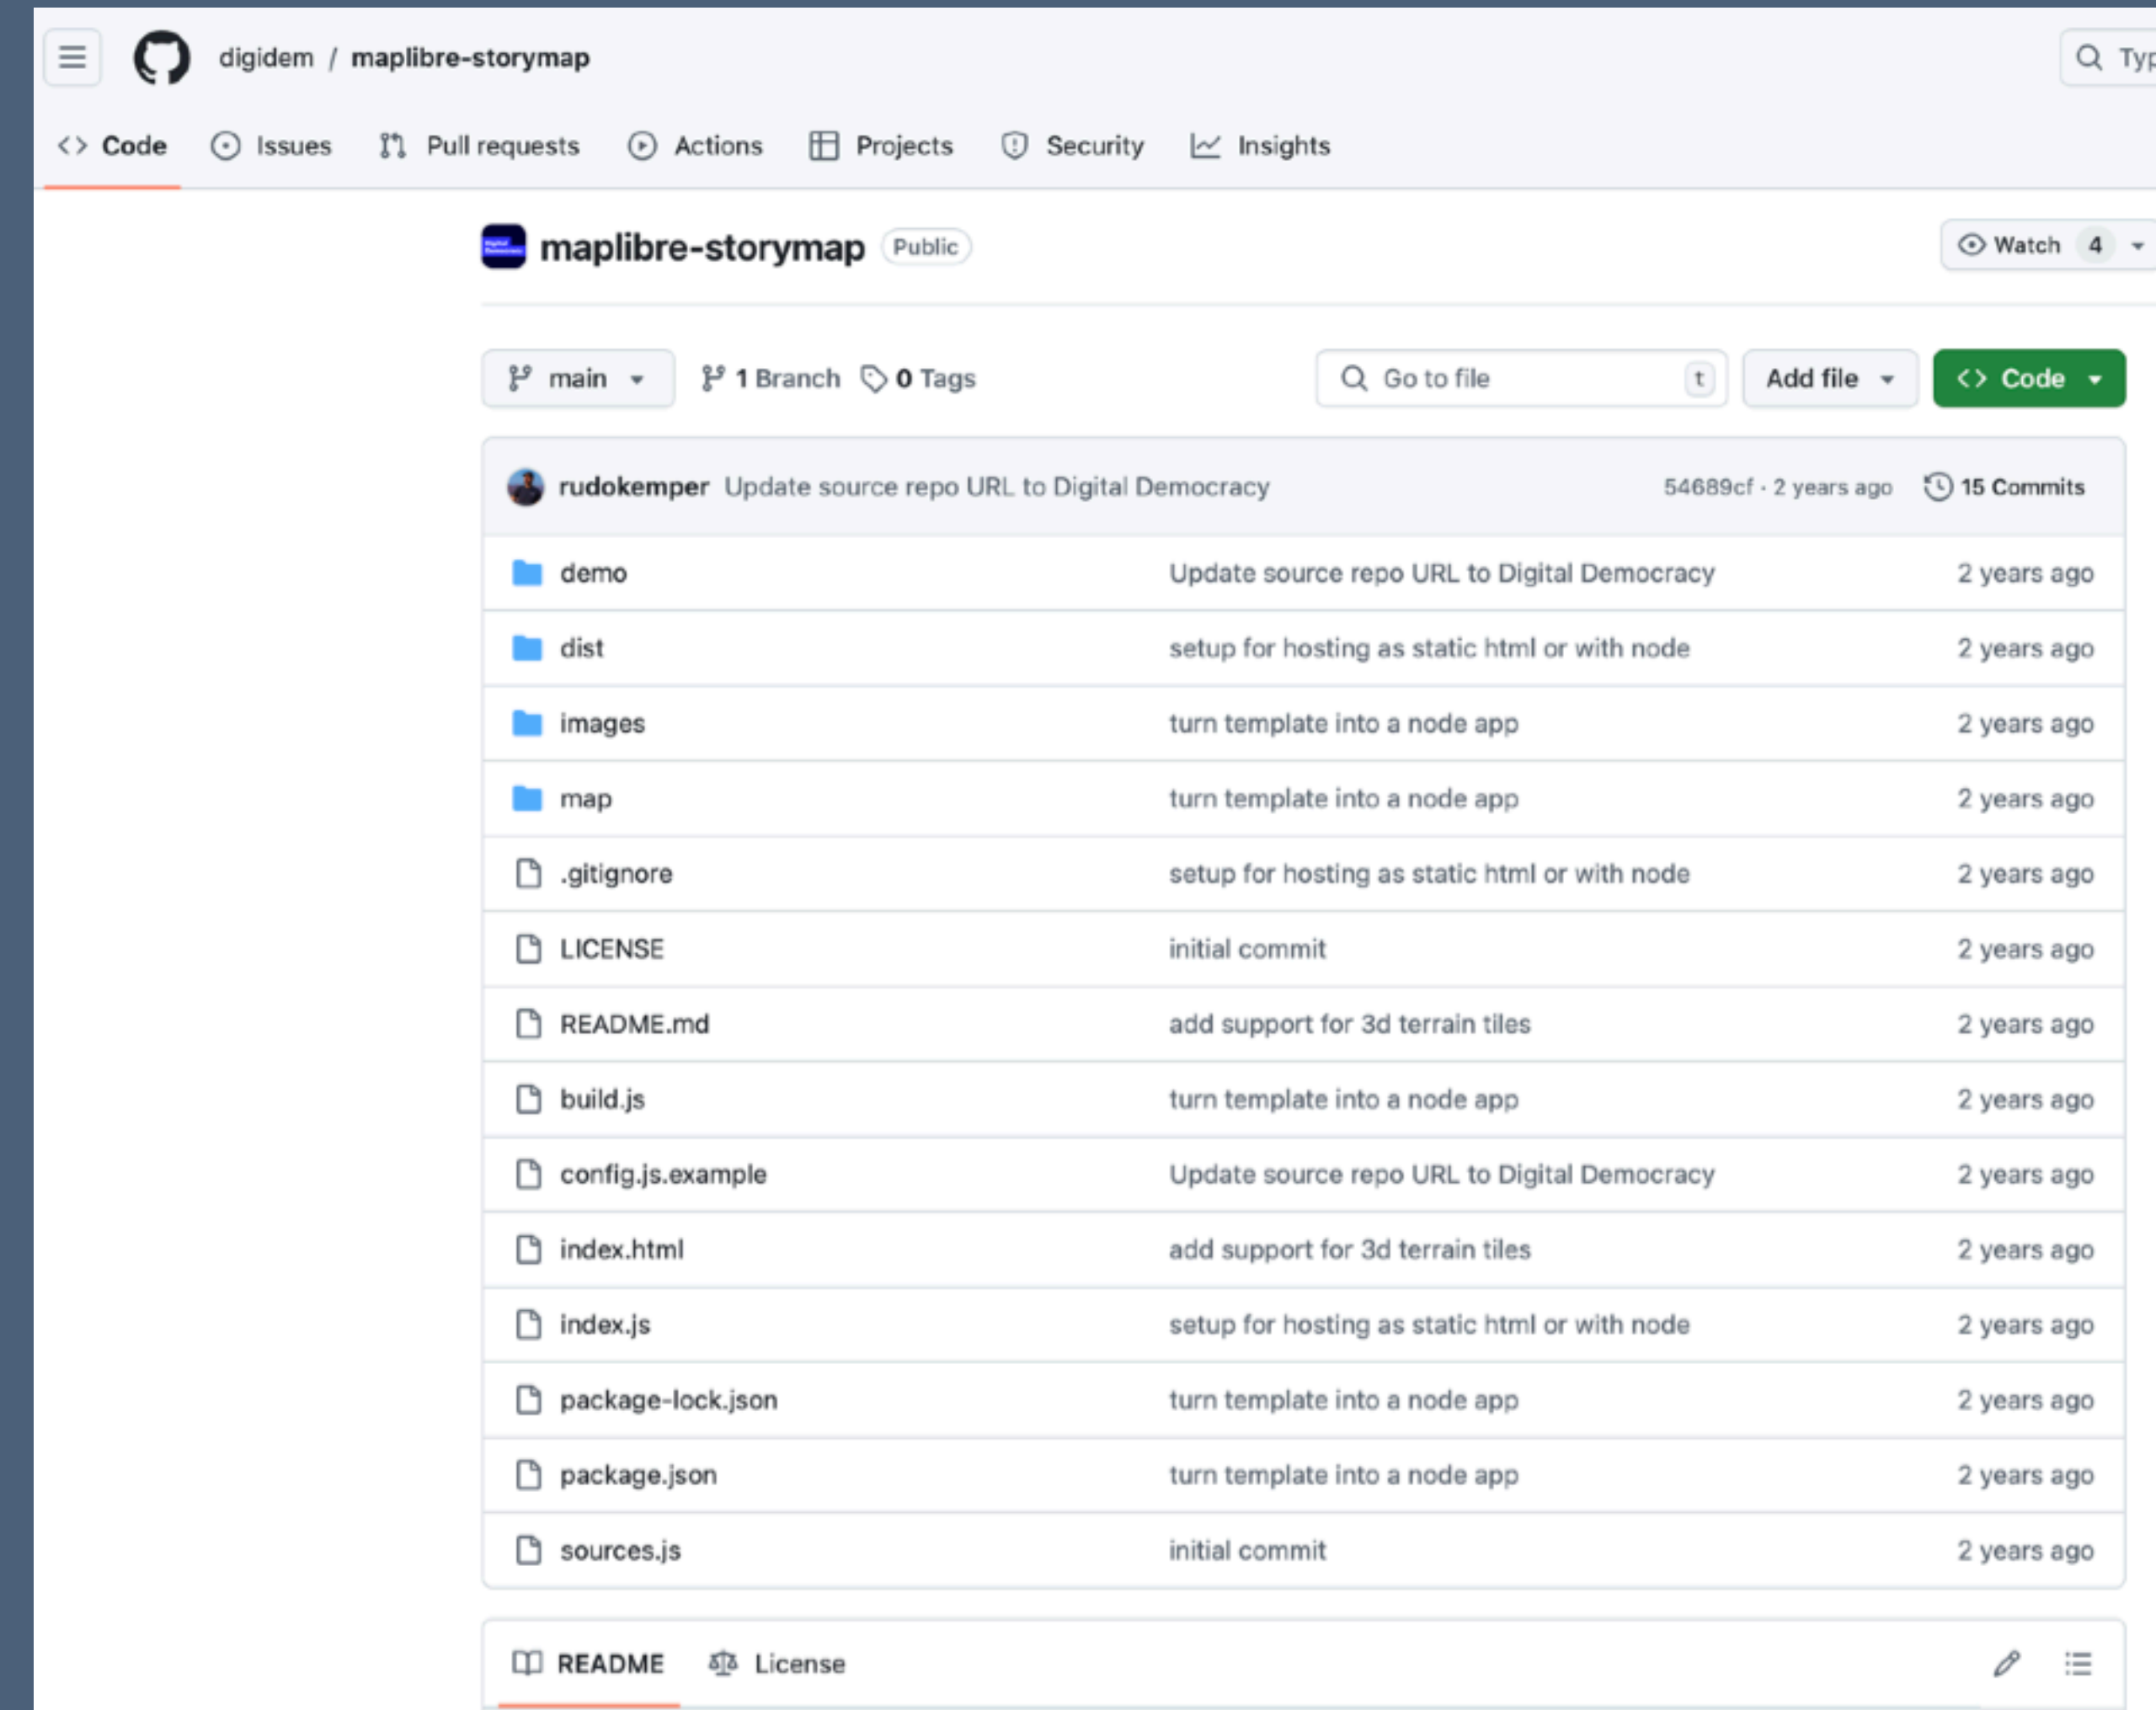

We partner with earth defenders to co-develop technology for social justice

The template

By [Digital Democracy](#)

- Contents all files and code needed to start a map

- Available for public use in GitHub

What you will learn:

- Configure the story map template on your GitHub account

- Basic setting to start the story map

- Add text, multimedia and location to your story chapters

- Preview your story map locally

- Deploy the story map as a webpage
